MEMORANDUM FOR: In

Inspector General

FROM:

Harry E. Fitzwater

Deputy Frector for Administration

SUBJECT:

Comments on Draft Report--Entry-on-Duty Processing

REFERENCE:

Memorandum to the DDA from the Inspector General, dated

6 December 1982, re same subject

- 1. Forwarded herewith are comments provided by the Directors of Security and Medical Services regarding reference draft report concerning entry-on-duty processing.
- 2. As you can see from the comments attached, both offices take their responsibilities very seriously in this area and have thoroughly examined the suggestions and recommendations included in the report. I strongly support these offices in their expressed concerns.
- 3. I particularly have reservations regarding the draft report concerning Recommendations 8., 9a. and 9b. I seriously doubt that if these recommendations are approved, they will produce any improvements in the processing of applicants. Both the Directors of the Office of Medical Services and Security and the Chief of the Psychological Services Division are dedicated to supporting the Office of Personnel and applicant processing. The short-term fix that is proposed may result in several long-term problems. It would obviously decrease our flexibility in the medical and security areas, it would be more difficult to shift required resources to that entity as the needs arise, and it would probably hamper necessary communications with other elements of the Agency's support apparatus (i.e. the Offices of Training and Education, Data Processing, Logistics, etc.).

4. Action is being taken to comply with Recommendation 3.

Harry E. Fitzyater
